DURHAM MONTESSORI SCHOOL AND DAYCARE

PROGRAM STATEMENT

Durham Montessori School and Daycare value the diverse, racial, ethnos cultural backgrounds of the community, families, staff, volunteers, and visitors involved in the delivery of service and as a result, will provide an appropriate program that contributes to the emotional, social, physical, and cognitive development of the child, free from cultural, gender, religious and ethnic bias, to develop and enhance self-esteem and positive social skills.

Goals:

At Durham Montessori School and Daycare, we view children as being competent, capable, curious, and rich in potential. As a result, we are committed to helping the whole child develop and reach their full potential. Our mission is to provide opportunities for positive adult-child and child-child interactions conducive to the development of healthy social experiences and, to provide experiences that contribute to the self-esteem and developmental needs of the child.

Durham Montessori School and Daycare encourages and promotes positive practices for adult-child and child-child interactions to promote positive learning and a purposeful and developmental environment for all children and staff at the center. Durham Montessori School and Daycare respects children as individuals with their interests and strengths and respects their right to experience childhood fully. All children are unique, and we believe this is key to understanding, acknowledging, and acting on children's behavior. We commit to supporting and caring for children and their parents/guardians and families based on their individual needs. We aspire for children to demonstrate socially acceptable behavior and have respect for themselves and all others. We encourage the children to communicate positively, and we support their ability to self-regulate.

PHILOSOPHY:

All children are special, and each has his/her personality, strengths, needs, and learning styles. It is our responsibility to tap into how a child learns and develop strategies to help the child master all basic skills. Durham Montessori School and Daycare provide opportunities to experience and stimulate each child emotionally, socially, and cognitively. The children will learn and develop in a safe, happy, and comfortable atmosphere. Durham Montessori School and Daycare believe in providing opportunities for the children to manipulate and explore a variety of art, music, science, math, language, dramatic play, and large and small muscle activities throughout the day and is designed based on the interest of the children within the Montessori approach and ELECT program. Our program will foster independence, self-esteem, and problem-solving skills. Our curriculum will provide opportunities for choice and decision-making within a framework that respects each child's developmental abilities.

OUR PROMISE

At Durham Montessori School and Daycare, we promise:

- Children come first and foremost in any decisions relating to the running of the childcare center.
- To establish, maintain, and conduct the highest quality licensed childcare center and the education, care, and guidance of children.
- We promise to continually strive to improve the learning and working environments for all participating children, families, and staff.
- To provide your child with activities to enhance all areas of their development so that they will have a solid educational base to start grade school with.
- To provide a clean, safe place for your child to grow emotionally, socially, physically, and cognitively.
- Never at any time take your child for granted.

Approaches:

- Our program encourages and builds positive and responsive relationships between staff and the children, between the children and their peers, and with parents/families and staff.
- Our program focuses on children's social, emotional, physical, creative, and cognitive development holistically by providing environments in which children learn through exploration, play, and inquiry.
- Our program incorporates the "How Does Learning Happen" pedagogy through the Montessori approach and ELECT program to provide child-initiated and adult-supported experiences and at the same time support each child's learning and development.
- We encourage self-reflection, discussion, ongoing collaboration, and learning among teachers and between the teachers and the children through ongoing interactions and discussions in the classroom during circle time and group activities.
- We value the strengths, contributions, and unique perspectives of our families and we encourage them to engage, contribute, and participate in our program activities.
- Our program incorporates indoor and outdoor play, as well as active play, rest, and quiet time into the day while considering the individual needs of the children.
- We engage in ongoing communication with parents about our program and their children through face-to-face communications, newsletters, written communications, telephone conferences, and a teacher/parent electronic application.
- We involve and invite community partners like the fire department, police, etc. to our program to give workshops, presentations, and general information to the children and their families.
- We involve local community partners like Grandview, Durham Region Behaviour Management and CAS allowing these partners to support the children, their families, and staff.
- Our program uses pedagogical documentation to study, interpret, make visible, and help inform children's learning and development. Documentations will be in the form of pictures of children outlining their learning experiences being displayed in the classrooms, around the center, and/or on the communication application. Only pictures of children with parent authorization will be

Durham Montessori School and Daycare

displayed. Learning experiences of children without parents' authorization for pictures will also be displayed without the children's pictures.

- Each child will have a portfolio that outlines all their learning experiences. Portfolios will be sent home when the child graduates from our program.
- We encourage our staff to engage and register for ongoing training opportunities to assist them in carrying out the program statement implementation policy and to broaden their knowledge of the "How Does Learning Happen Pedagogy". Ongoing training opportunities and workshops offered by the Durham Region Children Services are always communicated to staff.
- Monthly meetings are also used to discuss and train staff on how to implement the Program Statement.

Children who feel secure and appreciated in their surroundings gain confidence. It is therefore our goal to create a safe, clean, and secure environment for the children in our care. We will try our best to avoid frequent staff changes by providing our staff with a pleasant and professional work environment. This consistency for children increases the level of security. Durham Montessori School and Daycare will continue to provide positive guidance, encouragement, appropriate and stimulating materials as well as a dynamic program to enhance children's learning and development.

Durham Montessori School and Daycare staff develop weekly outdoor programming which enhances physical and social development. Various activities to promote gross motor skills will be an integral part of the planning process. Our staff will be trained to incorporate music and movement in our programs as this helps a child develop cognitively as well as socially. The staff will be engaged in ongoing professional developments in different areas like pedagogical approaches, diversity, inclusiveness, multiculturalism, community relationship building, health, and safety, etc., to keep up to date with current issues.

Program Statement Monitoring:

All the strategies of the Program Statement must always be implemented by staff. To ensure that the Program Statement is being implemented by the staff, the program statement implementation will be monitored by the Supervisor/designate annually. The Supervisor/designate will use the program statement guidelines tracking form to record if the program statement is being implemented and this will be kept on file. If during monitoring it is discovered that staff is not implementing the program statement, the record of contraventions of policy statement guidelines form will also be used to record the contraventions and will be kept on file.

Any staff that contravenes the program statement will be provided a retraining of the program statement implementation policy by the Supervisor/designate and a record of the retraining will be kept on file. If the staff in question continues to contravene the program statement, the supervisor/operator will issue a written warning to the staff. If contravention continues after a written warning, disciplinary action up to and including termination of employment will follow.

Impact of Strategies:

The impact of the strategies set out in the program statement will be reviewed by the Operator annually to determine its impact on the children and families. The center will use our email to collect feedback from both the parents and staff. All suggestions will be confidential. Necessary adjustments will be made based on the feedback and by Ministry Legislation to accommodate the children and their families.

Before your child is admitted to Durham Montessori School and Daycare, parents/guardians will meet with the Supervisor or designate in person, via Zoom or telephone call, and are required to complete a registration package which includes child emergency information, application forms, public immunization, and consent forms. Proof of age and an immunization record is required before your child/children attend the program. The Supervisor or designate will provide a Parent Handbook if a parent requires a hard copy, however, a Parent Handbook is readily available on our website at www.dmsd.ca as a paperless option and for quick reference to our policies, and can provide a tour of DMSD. This is an opportunity for you and your child (ren) to meet the staff. Please provide as much information as possible about your child to help us best provide care for them.

DAILY PROGRAM:

Durham Montessori School and Daycare offer Full-Time and Part-Time options for:

Toddler Casa Rooms: Full-Time only for children ages 12 months to 18 months.

Full-Time and Part-Time for children ages 19 months to 3 years.

Durham Montessori School and Daycare

Preschool Casa Room: Full Time and Part Time for children ages 3 years to 5 years and 11 months.

*Spaces are subject to availability. *

The main emphasis of our program is:

- To provide the children with a rich, interesting learning environment that they can explore with all their senses.
- To encourage the development of positive social skills.
- To encourage the children's feelings of competence by giving them opportunities to experiment, problem solve, and enhance their abilities.
- To develop the children's self-esteem by ensuring that they feel valued and cared for as individuals.
- To foster a sense of autonomy by ensuring flexibility and choice.

All our E.L.E.C.T and Focus Board weekly programs are posted weekly in each classroom. These plans offer more detail about events and activities in your child's room. Parents can use this tool for involvement by bringing in resources such as books, pictures, costumes, or music that are relevant to the programming in the room at that time. Parents are also encouraged to offer suggestions to enhance the program.

Durham Montessori School provides opportunities for indoor and outdoor activities daily.

Your child will benefit more from the program if they arrive no later than 9:00 a.m. and do not leave before 3:00 p.m.

TODDLER POLICIES:

- Parents of Casa Toddlers who require preferred meals from home can provide them until the child is ready for catered meals provided by Durham Montessori School and Daycare. Up to 4 snacks and 1 hot lunch, including milk, are provided for the children at meals daily.
- Parents of Casa Toddlers will be receiving a daily record of their child's day via email from our electronic application. This will include any milestones achieved, activities they participated in, as well as a record of food eaten and diaper changes. Parents are encouraged to read the reports and respond if required.

CHILD GUIDANCE:

Our goal is to help children achieve a sense of self-discipline, by accepting the consequences of their actions. We define the behavior and then work together with the child to behave in a more socially acceptable manner. The staff uses redirection, and natural and logical consequences to guide children's behavior instead of a time-out. If a child needs to be removed from a situation, a teacher stays with them and helps them understand the consequences of their behavior. We encourage the children to express themselves and express their feelings verbally.

STAFF:

All our teaching staff are highly qualified Montessori Teachers, Registered Early Childhood Educators, and individuals who possess other related qualifications. A minimum number of Early Childhood Assistants are paired with the Montessori Teachers and the Registered Early Childhood Educators (RECE) in a team-

Durham Montessori School and Daycare

teaching approach. The Montessori Teacher/RECE takes the lead role in programming and child development issues. All staff have their First Aid, C.P.R., and Vulnerable Police Reference Checks. They are required to do professional development throughout the year. Professional behavior is expected by all staff. Parent-Staff communication is integral to the program. If you have any concerns or comments, please bring them to the attention of your child's classroom teacher first, followed by our supervisor should be needed.

WHAT PARENTS NEED TO PROVIDE:

Clothing etc.:

*Please ensure that your child has at least 2 complete changes of clothing which includes 2 white tops, 2 blue bottoms, 2 underwear, and 2 socks, in case of an accidental spill or leak, and a DMSD bag is always used for clean storage on their hook.

*Parents must provide indoor/outdoor shoes for sanitary purposes. We recommend black-coloured Velcro running shoes for indoor and outdoor wear. No soft sole shoes, Crocs or slippers are permitted.

*Please label all clothing, shoes, and personal items coming into the center. Children should be in school uniform daily.

*A minimum of 2 plastic bags to send home soiled clothing is required to be replenished in their green school bag.

*As children will be attending outdoor activities, weather permitting, appropriate outdoor clothing to suit the season should be kept at the center such as hats, mittens, snow pants, etc.

*Soiled or wet clothing must be taken home by the parent/guardian each day and a clean replacement is needed to replenish your child's bag at school the following day.

*Durham Montessori School and Daycare is not responsible for providing extra clothing or diapers/Pull-ups, creams, or wipes. Should your child not have sufficient items needed, parents will be notified to bring in the required items within 1 hour of being notified or picked up for that day.

*Parents are required to bring a labeled clean, spill-proof, and freshly filled water bottle daily.

Diapers/Pull-Ups:

Parents/guardians should provide a labeled bag of diapers and/or Velcro pull-ups for their child. For sanitary purposes, only disposable diapers and/or Velcro pull-ups are to be used at DMSD. An adequate supply is to be kept in the child's change basket, along with any wipes and/or diaper cream required. Parents are responsible for checking in with their child's teacher every month to ensure a sufficient number of supplies are at the staff's disposal to use for their child.

Sunscreen:

Parents are responsible for supplying sunscreen for their children's use before coming to the center every morning. Please remember to label the bottle with your child's name. Staff will reapply sunscreen for afternoon outdoor time and will notify you when your child's sunscreen is running out. Parents are required to check sunscreen, ensuring its due date is not until the following summer.

TOY POLICY:

Parents/guardians are asked to not bring toys from home to DMSD unless asked by staff members for special occasions or show and tell. Toys brought in for show and tell should not be of a violent nature. The center will not be held responsible for any lost, stolen, or broken articles brought from home.

CUBBIES:

Each child has a labeled hook/basket. This is where they keep their DMSD bag of personal belongings. Please check regularly for the child's finished work and notes to parents. DMSD is not held responsible for broken or lost personal items.

TRIPS/VISITORS:

When monthly field trips or visitors are planned, a notice and permission form will be sent home in advance giving information about the visitor, destination, cost, date, and times of the departures and arrivals. Trips and visitors are a part of the program. If parents do not wish for their child to participate, they are required to keep their child home until we are back to normal programming for the day no earlier than 12:00 p.m. or later depending on when we come back from a field trip. DMSD does not reimburse childcare fees for attendance lost on those days if parents do not want their child to participate. If a parent pays for a field trip/visitor but their child does not attend due to absence, a refund or use for another trip/visitor can not be applied.

REST PERIODS:

The children at the center are required to rest for a maximum of two hours daily. This helps to keep the children rejuvenated and enhances active participation in the program. The child is required to return to the center with the attending physician's written consent to return and be symptom-free.

If your child has been infected or exposed to head lice, please notify the center immediately. Head lice can be controlled in a group setting if everyone works together. The center operates a "Nit-Free Policy" where each child will be inspected upon arrival at the center upon the initial report of head lice.
